M+K HOLZTECHNIK – Your partner for the furniture and bed industry:

As a traditional company that has been a reliable industry partner both domestically and abroad for over 50 years, M+K HOLZTECHNIK stands for the ultimate in sleeping comfort. As a manufacturer and supplier of motorised adjustable bed frames, sprung wooden slat frames, complete beds and various special sleeping solutions for the caravan, ship, nursing care, bedroom furniture and upholstered furniture industries, M+K HOLZTECHNIK is one of the leading production facilities of this type in Germany.

From development, through procurement and manufacturing, all the way to the final product - we offer complete solutions from a single source. This is the philosophy behind M+K HOLZTECHNIK. We offer our customers large and small production series consisting either of products from our existing product range or products designed according to individual desires. Take advantage of our service and our competencies. There are many good reasons for you to put your trust in us. We offer you numerous opportunities to achieve success with your products and your brand.

Our extensive manufacturing program is aimed in particular at the furniture and bed industry, at ship, yacht and caravan/mobile home equippers, at the upholstered furniture and bedroom furniture industry; at the care bed industry, and at hotel furnishers and wholesalers.
